Hey Brian,

I'm wondering if this can be added to outreach/ clean up list. The Park Rangers have provided some more detailed information. There was argument as to where this was exactly because the resident didn't provide adequate information. I think people are concerned because of the rain and how close they are to the river.

Thanks!

Ana and Hector,

We patrolled from the west side of the river at Harwood and were able to see what appears to be three encampments on the east bank.

Attached are photos taken

Fwd: Homeless camp la river - ev- Day 2

- \* Shows the encampments on the east bank
- \* Relative current condition of the river, medium height and speed of the river
- \* A guard rail in need of repair a few feet south on the west bank from Harwood

Attached is a Navigate LA Representation of the area. It appears to be in CD1 and US Army Corp of Engineers property. However, there is a DWP Tower in the area.

I will foot patrol the area and the access from homeless folks soon. Request we expand the discussion to the group that has been attending to the river, coordinated by Hector and Mary.

Hi, please need your help to file second report on growing illegal homeless camp 250 feet north of the DWP utility tower, against the fence in the narrow easement on top of the levy wall.

We had this same problem last year  
But they were under the tower.

The camp is made up of 10-12 tents, w: bikes and dogs. It's located across the channel from Harwood on the eastbank. Please ask dwp to contact LAHSA to offer them relocation to a safe shelter. And enforce no sleeping on top of East Bank.
